* See *Master Flow® Powered Ventilation Products Ltd. Warranty* for complete coverage and restrictions

Choosing the Correct Master Flow® Power Attic Vent - Gable Mount

Total Attic Size (Sq. ft.)	Recommended Power Attic Vent	Minimum Intake Ventilation Needed (Net Free Area in Sq. in.)
Up to 2300	EGV5	696
Up to 3000	EGV6	768

Note: Always have a balanced attic ventilation system. In no case should the amount of exhaust ventilation exceed the amount of intake ventilation.
