

A300 SERIES - Aluminum
 Also available in Steel - see 300 Series

Truair's A300 series diffusers are the best of the best. Individually adjustable curved blades combined with 5 different face patterns provide the ultimate in air control. These sleek diffusers are made of aluminum so they are light-weight and will not rust. You can even add the extra control of our high-quality Opposed Blade Damper (OBD).

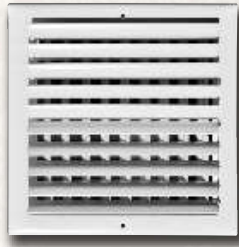

Model A301HM
 Curved Blade - 1 Way

Model A302HM
 Curved Blade - 2 Way Horizontal

Model A302VM
 Curved Blade - 2 Way Vertical

Model A303M
 Curved Blade - 3 Way

Model A304M
 Curved Blade - 4 Way

Product Detail

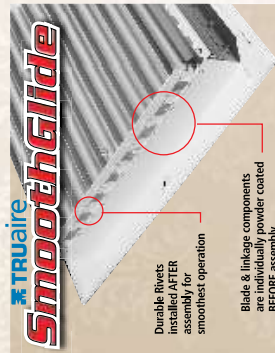

SmoothGlide Technology dampers
 Large, adjustable blades

SmoothGlide Damper

SmoothGlide Technology is the very simple, albeit very expensive, process of carefully powder-coating each and every individual component of a register, *prior to assembly*. The finished product is a stamped register with 100% powder coat coverage and a smooth quiet damper assembly that glides open or closed with the touch of a finger.

Model A303-O
 Three Way - OBD Option

Durable Rivets installed AFTER assembly for smoothest operation

Blade & linkage components are individually powder coated BEFORE assembly

NOTE: FOR OPPOSED BLADE DAMPER OPTION PLEASE SPECIFY "O" FOR OBD FEATURE

A300MG with Gasket

For markets that require a gasket on the back of the register face, we offer the A300MG. These models are otherwise identical to the rest of the A300 Series, and are available in 1, 2, and 4 way air throw configurations, and in all popular or common sizes.

Foam gasket
