

# PRIMEX HVAC VENTING

## Product Specification Sheet

PRODUCT  
MODEL CODE

# SV Series

Soffit Vent Series

### 1. PRODUCT SUMMARY

The Primex Soffit Vent Series (SV Series) consists of low-profile, curved hood that directs airflow away from the soffit.

The UV-stabilized, one-piece design eliminates leaky seams. A one-way damper prevents rodents and debris from entering the home while effectively exhausting moisture.

The SV Series comes in standard 4, 5 or 6-inch ducting sizes with an aesthetically-pleasing design.

### 2. FEATURES & BENEFITS

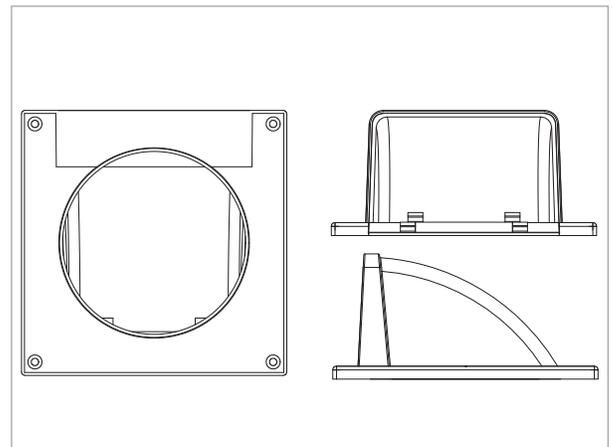

- Low profile, one-piece design is less obtrusive than traditional vents.
- Choose from three different sizes for either 4", 5" or 6" ducting.
- Can be used in new or retrofit applications.
- No need to penetrate the roof or walls.
- No leaky seams on the vent hood.
- Made from durable, UV-stabilized Polymer resin.
- Lightweight and easy to install.
- Available in Snow White and Taupe.

### 3. COLOURS

- Snow White (01)
- Taupe (23)

### 4. PART NUMBER/SIZING
